**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Paul Amrozowicz (Reg. #45,264) on 2/26/2009.
3. The application has been amended as follows:

A. As to Claim 11,

- 1) On line 16, change "the FM detector" to -- the frequency modulation demodulator --.

B. As to Claim 20,

- 1) On line 20, change "the FM detector" to -- the frequency modulation demodulator --.

***Allowable Subject Matter***

4. Claims 11-14, 16, 18, 19, and 20 are allowed.
5. The following is an examiner's statement of reasons for allowance:

6. As to Claim 11,

7. The primary reason for the allowance of claim 11 is the inclusion of a controller coupled to receive the proximity signal from the frequency modulation demodulator and operable, in response thereto, to control the proximity of the turbine blades to the non-rotating turbine component. It is this feature found in the claim, as it is claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes this claim allowable over the prior art.

8. As to Claim 20,

9. The primary reason for the allowance of claim 20 is the inclusion of a controller coupled to receive the proximity signal from the frequency modulation demodulator and operable, in response thereto, to control the proximity of each of the turbine blades to either the turbine case or one or more components mounted thereto. It is this feature found in the claim, as it is claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes this claim allowable over the prior art.

10. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
